ATLASOFANATOMY.COM

December 13, 2004

CALL FOR ARTWORK

Dear illustrator,

please allow me to introduce the „**ATLASOFANATOMY.com**“- project to You. It is a free atlas of human anatomy, which will reach a very large user group (students of medicine, physicians, artists...). Colored illustrations and photography with descriptions in latin (international) nomenclature, and also the short english texts and explanations will make this project useful and very popular, and are a guarantee for a high amount of international users.

To guarantee the high level of quality of this project, I would like to invite You to contribute Your anatomy related artwork. Images can be created in any 3D or digital illustration application. Photoshop and digitally manipulated photography are also welcome. By submitting Your artwork to **ATLASOFANATOMY.com**, it will reach a very high publicity. To thank You, You will be listed as a contributing co- author. Your copyright, as good as Your annotations will be posted on each image.

I am looking forward to hearing from You, hoping to connect Your name with this successful project and in a good cooperation. Finally, please allow me to wish You a happy Christmas time and a successful and productive new year 2005.

Sincerely yours,

Dr. med. J. Artner
